Who needs cover?

When travelling abroad for work, to be with family, or taking an extended break, there can be several challenges to overcome and one thing that should not be overlooked is your health and wellbeing.

Whether it's a trip overseas for a few weeks, a couple of months, or any period up to a year, a key element to a stress-free life as an expat is the knowledge that you are protected and have an insurance partner you can call on should you require medical treatment. There is certainly no comfort in discovering that you are without access to potentially lifesaving medical treatment when you have fallen ill, or are facing the burden of a large treatment bill and do not have any protection in place.

If you are unlucky enough to fall ill or have an accident which requires medical assistance, international private medical insurance helps to cover you by providing you with support and care.

Unlike most standard travel insurance policies, you will have access to the best private medical facilities in the country where you are located. This will save you the time and hassle of being patched up and taken home for the bulk of your treatment – so your travel plans or work trip won't get cut short or disrupted.

Live your life

If you are away on a temporary overseas work assignment, a gap year, or a sabbatical – the very last thing you want is a health problem. That's why APRIL International has designed the Short-Term International Health Plan.

Work secondments

Chances are, if you are lucky enough to land a work placement abroad, your company will be investing significantly in your future. Your employer will have identified the unique skills and experience you bring to your role. But even a short-term illness could cause a placement to fail if you are not insured. Our Short-Term International Health Plan is designed to protect you if this ever happens – giving you the best chance of success while you are abroad.

Gap year

You have passed your exams, saved for the trip of a lifetime, and have planned several months abroad. You'll be travelling a lot, moving from one place to another, experiencing new cultures and lifestyles, and learning about the world. But an accident abroad can wreck all your plans – especially if you can't get treated locally. Our Short-Term International Health Plan is designed to protect you against this eventuality by ensuring you have access to the best private medical facilities all around the world. That way you will be back on your feet again as quickly as possible.

Sabbaticals & world trips

Perhaps you have just retired or reached a milestone at work and can now take a sabbatical. It's not just the young who get to experience the trip of a lifetime. Nowadays, more and more of us are going away on extended breaks whenever we can. Our Short-Term International Health Plan is designed to protect you while you're abroad, no matter how young or old you are. That means you will spend more of your time doing the things you want to do, when you want to, rather than worrying about the cost of medical care should you have an accident or become unwell. Our plan gives you the peace of mind that wherever you are, you can always access the best quality medical help should you need it.

THE HEALTHCARE PROBLEM

Fractured wrist.

Age: 42 **Location:** United Kingdom

THE TREATMENT

Our client spent a week on a yacht during his gap year travels, where he fractured his wrist whilst assisting with daily duties. The treatment included a consultation, X-ray, and medication costing £370. Once the fracture had healed, 10 sessions of rehabilitation physiotherapy were needed – which cost a further £400.

After deduction of the plan excess of £70, the total cost of the claim was £700.

THE HEALTHCARE PROBLEM

Gastritis.

Age: 37 **Location:** Italy

THE TREATMENT

Our client was diagnosed with Gastritis after a private consultation costing €175. She was then referred for an upper GI endoscopy. Treated as a daycare patient, a diagnostic oesophago-gastro-duodenoscopy investigation was successfully completed at a cost of €2,220, to which a further gastroenterologist fee of €245 was paid, resulting in a total claim cost of €2,640.

“Many, many thanks for this quick turnaround. **I have been so impressed in all of my contact with April International UK** and the efficiency with which your company operates. It really does help make my life easier!”

“I would like to emphasise how pleased I was with your service and will **definitely be recommending and praising your company** if I am ever asked to suggest an international health insurance provider.

Market-leading benefits

We believe in pushing the boundaries of what an international insurance provider can do for its clients to ensure you're safe and secure when moving to a new country.

THE BLOOD CARE FOUNDATION

Providing properly screened blood

The Blood Care Foundation is a charitable, not-for-profit organisation. It's aimed particularly at areas of the world where there is a shortage of blood available for transfusion and/or where there is a high incidence of transfusion transmitted diseases in the donor pool; HIV, hepatitis B and C and malaria, for example.

The Foundation uses a network of internationally recognised sources, from where screened blood, human rabies immunoglobulin and rabies vaccine, may be dispatched to members anywhere in the world in case of an emergency.

It has access to a global network of blood banks which enable them to provide blood to almost any location in the world within 12-18 hours (subject to the availability of scheduled air services).

CRISIS24

Crisis24 is a management assistance company who help individuals and businesses minimise risks and support them in the event of a crisis.

Dedicated web-portal and mobile app

You are able to obtain details of up-to-date country-specific risk information and you can sign up to receive email or text alerts if the risk level changes in your current or future location.

Travel safety tips

Travel safety tips, up-to-the-minute information on civil unrest, natural hazards, and information on travel disruptions for hundreds of countries and cities are all at your fingertips. The crisis team is on hand 24/7 to coordinate activities should you need to use the Emergency Non-Medical Evacuation Benefit, included within the plan.

SECOND MEDICAL OPINION SERVICE

If you're unsure about your diagnosis or a proposed treatment plan, you can receive an unbiased second medical opinion from a specialised doctor.

A network of international medical specialists

Through our partner Teladoc Health, we offer you access to a network of 50,000 medical experts around the world, including oncologists, neurologists, rheumatologists and cardiologists.

Your case will be assigned to a specialist doctor with expertise aligned to your diagnosis/medical condition. A medical report will then be sent to you with your specialised doctor remaining at your disposal for any further questions you might have.

Easy Pay Card

This card is a new digital payment solution that enables you to pay for your pre-authorized medical care above £500/\$500/€500, wherever you might be, without incurring any personal costs and seeking reimbursement.

HOW DOES IT WORK?

You can request the Easy Pay card by emailing EasyPayCard@april-international.co.uk **at least 3 working days before your pre-planned treatment.**

You will need to include a medical report or letter from your treating doctor with a summary of the diagnosis/symptoms, recommended treatment or medical procedure, and documented evidence of the estimated costs.

WHAT HAPPENS NEXT?

We will review your claim and once authorised, immediately pre-load the card with the amount needed to pay for your treatment.

You will then receive an email with a link to create your account and access the card. You can add this card to your digital wallet on your mobile phone and use it like any other standard virtual payment card.

Once you have paid for your treatment, all you have to do is send your invoices to us, together with any other supporting documents, **within 24 hours**. You can upload your documents in your APRIL Easy Pay account.

Medical assistance 24/7

Receiving medical treatment can often be a daunting experience, especially if you are miles away from home. That's why our 24-hour, multilingual assistance is always on hand to take your call.

Our medical assistance partner, CEGA, have been safeguarding the wellbeing of our clients for over 15 years.

Wherever you are in the world, CEGA are just a phone call away, with personal incident managers ready to provide support, guidance and case manage your treatment requirements.

It is also comforting to know that CEGA has an extensive team of doctors and nurses who can conduct doctor-to-doctor discussions and verify that you have been prescribed with the correct treatment.

IN MORE SERIOUS CASES...

CEGA can arrange a medical evacuation by a scheduled airline or air ambulance to safely transport you to a more suitable medical facility.

The nature of the medical condition and your location are often the key factors when arranging evacuation transport and the type of medical escort required. CEGA's medical teams are experts in the medical, regulatory, and logistical processes involved and customise each evacuation in the most suitable and cost-effective way possible.

YOU CHOOSE WHERE AND WHO

We understand that you may have a preference as to which hospital you are admitted to, or which doctor you seek treatment from after an initial diagnosis. Whilst we're unable to meet the travel costs, our plans provide the flexibility for you to choose where and who you are treated by.

This may even include receiving treatment in your home country, providing it is within your chosen area of cover. Ultimately, we want to make sure you have access to everything you need to overcome any obstacles a medical condition can present.
