Who needs cover?

International higher education has never been more popular - with more than 6 million students pursuing university-level courses outside of their home country in 2020*.

With their first-class reputation for higher education, Austria, Australia, New Zealand, Switzerland, and the UK are leading the way for international students.

There's a lot to pack into an academic year, so the last thing you want to worry about is your health, especially when you are away from home.

That's where our Student International Health plan can help. The plan has been designed for students of any nationality living, working, or studying outside of their home country as part of their college or university course.

If you are unlucky enough to fall ill or have an accident which requires medical assistance, international private medical insurance helps to cover you by providing you with support and care.

You will lose a minimal amount of time whilst you are treated in private facilities, so you will be able to concentrate on your education and enjoy student life.

Enjoy student life

Coursework, assignments, seminars, and lectures – it's a daunting workload for anyone.

Student life can feel like a juggling act, with managing your studies alongside new surroundings, cultures, and languages.

The last thing you want is an unwanted interruption caused by a health problem or an accident. That's why we have designed our Student International Health Plan to fit around your plans and allow you to make the most of your years as a student.

If you do need medical help, we are just a phone call away, available 24-hours a day. With our plan, you see a local doctor quickly and if your condition is serious, you can receive private medical treatment in the country where you are studying, so you will be back on your feet again as quickly as possible.

We also understand that not all students are teenagers. That's why our plan is available to anyone aged between 18 and 40, providing you are studying on an approved academic course.

What's more, your Student International Health Plan ensures you are covered during temporary visits lasting up to a maximum of 60 days to your home country. However, this excludes the USA or the Caribbean.

A network of international medical specialists

Through our partner Teladoc Health, we offer you access to a network of 50,000 medical experts around the world, including oncologists, neurologists, rheumatologists and cardiologists.

Your case will be assigned to a specialist doctor with expertise aligned to your diagnosis/medical condition. A medical report will then be sent to you with your specialised doctor remaining at your disposal for any further questions you might have.

Easy Pay Card

This card is a new digital payment solution that enables you to pay for your pre-authorized medical care above £500/\$500/€500, wherever you might be, without incurring any personal costs and seeking reimbursement.

HOW DOES IT WORK?

You can request the Easy Pay card by emailing EasyPayCard@april-international.co.uk **at least 3 working days before your pre-planned treatment.**

You will need to include a medical report or letter from your treating doctor with a summary of the diagnosis/symptoms, recommended treatment or medical procedure, and documented evidence of the estimated costs.

WHAT HAPPENS NEXT?

We will review your claim and once authorised, immediately pre-load the card with the amount needed to pay for your treatment.

You will then receive an email with a link to create your account and access the card. You can add this card to your digital wallet on your mobile phone and use it like any other standard virtual payment card.

Once you have paid for your treatment, all you have to do is send your invoices to us, together with any other supporting documents, **within 24 hours.** You can upload your documents in your APRIL Easy Pay account.

Medical assistance 24/7

Receiving medical treatment can often be a daunting experience, especially if you are miles away from home. That's why our 24-hour, multilingual assistance is always on hand to take your call.

Our medical assistance partner, CEGA, has been safeguarding the wellbeing of our clients for over 15 years.

Wherever you are in the world, CEGA are just a phone call away, with personal incident managers ready to provide support, guidance and case manage your treatment requirements.

It is also comforting to know that CEGA has an extensive team of doctors and nurses who can conduct doctor-to-doctor discussions and verify that you have been prescribed with the correct treatment.

IN MORE SERIOUS CASES...

CEGA can arrange a medical evacuation by a scheduled airline or air ambulance to safely transport you to a more suitable medical facility.

The nature of the medical condition and your location are often the key factors when arranging evacuation transport and the type of medical escort required. CEGA's medical teams are experts in the medical, regulatory, and logistical processes involved and customise each evacuation in the most suitable and cost-effective way possible.

YOU CHOOSE WHERE AND WHO

We understand that you may have a preference as to which hospital you are admitted to, or which doctor you seek treatment from after an initial diagnosis. Whilst we're unable to meet the travel costs, our plans provide the flexibility for you to choose where and who you are treated by.

This may even include receiving treatment in your home country, providing it is within your chosen area of cover. Ultimately, we want to make sure you have access to everything you need to overcome any obstacles a medical condition can present.
